OUTLINES.

President and Mrs. Roosevelt and Surgeon General Rixey left Washington yesterday on the yacht Mayflower from which they will transfer to the Battleship Louisiana and sail for Panama; Mr. Roosevelt goes to inspect the canal and will return by way of Porto Rico——The Census Bureau reports the number of bales of cotton ginned up to November as 6,892,597 bales against 6,457,595 bales last year——The features yesterday in the De Castellane divorce proceedings in Paris was a plea for Count Boni's counsel for a fortnight's adjournment in order to bring about a reconciliation with the Countess, and his statement that she was as extravagant as the count the ceiling of her bedroom having cost $160,000, jewelry $200,000, and dressmakers' bills $136,805——At Tampa, Fla., yesterday, Albert B. Wrenn, assistant Southern Express agent, was stabbed to death by H. W. Day at the Coast Line station——The Seaboard Air Line stockholders met at Petersburg yesterday behind closed doors and the only information given out was the directors elected——A meeting of the New York State Democratic Committee has been called to devise plans to prevent the Republicans from stealing the election of the State ticket out side of Mr. Hearst and it is believed that he was defrauded out of the election——A case came up in New York yesterday to prevent the trustees of the New York Life Insurance Company from spending the policyholders' money to secure their own election——New York markets: Money on call firm, 6 to 10 per cent., ruling rate, 6 1-2, closing bid 6, offered at 7; spot cotton quiet 10.30 cents; flour dull but easy; wheat irregular, No. 2 red, 80 1-8; corn easy, No. 2, 55 elevator; oats steady, mixed 39, turpentine and rosin steady.

The voters in Pennsylvania appeared to like those $2,000,000 chandeliers.

If the Ute Indians keep on attracting attention they are likely to get a job with some circus as a side show.

The voters in New York didn't appear to want to "stick to Roosevelt" so much as they desired to stick it to Hearst.

Mt. Vesuvius is still spouting mud. The eruption of mud and slime is also still in progress in New York, although the election is over.

The returns from Tuesday's election show that many a candidate made a noise like something hitting the ceiling.

If Democrats would quit scratching and desist from bolting they would be less surprised at how it is that the Republicans always win the victories in the "doubtful States."

Between Secretary Root's Roosevelt spiel at Utica and Boss Croker's cablegram to McCarren, lies Hearst's defeat. Croker doubtless hurt him worse than did the Root deliverance.

Hearst bolted McClellan's nomination for mayor of New York and ran as an independent against him. When Hearst got the nomination for Governor McClellan seized the opportunity of his life to return bolt for bolt.

A sheriff in Mississippi says he "is prepared to resist any attack on the jail." Sheriff Stedman, of New Hanover county, also makes a noise like a sheriff who is prepared to resist the attack of even a Federal court judge on the jail.

The backs of more than 40,000 North Carolinaians turned to the Republican party is a good sign. It is enough to make a man who loves the Good Old North State so well up with pride that it will require the whole family to sew on the buttons as fast as they "busted" off.

A London alienist claims that he is putting up all kinds of human emotions in capsule form. If we could see one more old fashion Democratic landslide in the United States we could furnish him emotions enough to keep him making capsules for about ten years.

Because an Ohio judge let the Standard Oil Company off with a fine of $5,000 when he could have stuck it to 'em for $6,000,000, it must not be inferred by the disorderly element to mean that the judge would give them a rebate of the sameratio on a maximum fine of $25.

THE FEDERAL COURT

Fall Sessions After Election Recess Resumed in This City Yesterday Morning.

ONLY TWO CASES HEARD

White Men From Cumberland and Robeson Counties Found Not Guilty of Illicit Liquor Traffic as Charged—Other Notes.

There were only two cases of interest in the United States District Court yesterday and these two occupied most of the session of the day, continuing from 9:30 o'clock in the morning until 2:30 in the afternoon. The cases were against D. D. Williams, of Robeson county and J. R. Sholar of Cumberland, each of whom were found not guilty and discharged.

The business of the court after a recess since last Saturday on account of election, was resumed yesterday morning at 10 o'clock, Judge Thomas R. Purnell presiding and all the court officers in attendance except United States District Attorney Harry Skinner, who is detained at his home in Greenville, N. C., and Mr. James K. Collier, Deputy Clerk, who is confined to his home in this city by illness. Little time was lost yesterday in the starting of the machinery of the court in operation again. The cases are being prosecuted for the government by Assistant District Attorney J. A. Giles, it being impossible for Col. Skinner to get here this week.

The case of D. D. Williams, white, of Robeson county, charged with illicit distilling, was taken up first and occupied about two hours, the case going to the jury about noon. After remaining out about half an hour the defendant was found not guilty and discharged.

The case of J. R. Sholar, white, of Cumberland county, was taken up in the early afternoon. He was charged with retailing, the witnesses against him being largely colored. The defense was represented by William J. Bellamy, Esq., of this city and H. L. Cook, Esq., of Fayetteville. He went on the stand in his own behalf and stoutly denied what had been testified to against him by the government's witnesses. The jury retired with the case about 2:30 o'clock when court took a recess for the day. At 4 o'clock a verdict of not guilty was reached and the defendant was discharged.

A Croatan woman with the euphonious name of Mary Belle Oxendine, of Robeson county, was charged with illicit distilling, was in court, but her case was continued until next term and bond was renewed for her appearance at that time.

The other matters disposed of in the court yesterday were of no special interest. The case against Mr. Samuel Blossom, charged with obstructing a rural free delivery route, has been continued for the term. He will be represented by Messrs. Bellamy & Bellamy and the trial is expected to be quite interesting.

DR. JEKYL AND MR. HYDE.

Osman Stock Company Will Present Great Bill To-night.

The Osman Stock Company had another large attendance last night when "Is Marriage a Lottery?" was giv . This clean and clever comedy pleased the large audience and the specialties between the acts were received with liberal applause.

To-night the feature performance of the week will be produced. Mr. W. H. Hartigan, who has played the title dual role in high-priced attractions and won a deservedly great name for his fine acting in his difficult part in this wonderful drama, has the support of the entire company. His complete and suprisingly sudden changes from the noble-minded, benevolent doctor to the horrible, murderous Hyde is commented upon as simply marvellous. There is a deep lesson of the good and bad in all of us in this play which should be studied by everyone. A complete production is promised and the prices are not advanced, so a packed house may be looked for.

GREAT GAME PRESERVE.

Northern Capitalists Acquire Lands Near Fayetteville, N. C.

The Baltimore Sun of yesterday has a long article concerning the big game preserve that Gen. Jno. Gill, formerly of the old C. F. & Y. V. railroad, and other prominent capitalists of New York and Baltimore will establish at Manchester, near Fayetteville, N. C. The Sun says in part:

Those interested are Gen. John Gill, president of the Mercantile Trust and Deposit Company; Bernard N. Baker, president of the Baltimore Trust Company, both of this city; James T. Woodward, president of the Hanover National Bank of New York, and his brother, William Woodward, of the same bank; Oakley Thorne, president of the Trust Company of North America; Cord Meyer, James Henry Smith William B. Dickerman, of the banking firm of Moore & Schley; Andrew W. Smith, D. M. Look and W. M. Barnum, all of New York, and William Dupont, of Montpelier, Va.

These capitalists will be incorporated as the "Croatan Club," each of the 12 subscribing $5,000 to the capital stock. With this fund it is purposed to erect a clubhouse and keeper's home on the property and to make such other improvements as may tend to the comfort and pleasure of the members and their friends when they visit the preserve.

The incorporation papers are now being prepared. After they have been executed, which it is expected will be done within the next 10 days, the members will meet and select officers

The tract acquired is in the vicinity of Manchester, in North Carolina, and is partly divided by the Cape Fear and Yadkin Valley railroad, which runs through it. There are 8,000 acres of arable land in the purchase. These will be cultivated in corn, wheat, buckwheat, hay and other necessities for the wild game, but none of the product will be harvested for market.

ARREST MAY BE IMPORTANT.

Negro Taken in Custody by Officer I. F. Huggins at The Compress.

As answering the description of a negro wanted in Florence, S. C., for the murder of his wife last Summer, William Knox, 24 years old, was arrested yesterday at the Champion Compress by Officer I. F. Huggins, of the Wilmington Police Force, and was lodged in the station house awaiting advices from South Carolina. The distinguishing mark by which Officer Huggins thinks he has the negro located is a gold tooth on the left side of the mouth.

Knox contends that he is not the party wanted and has lived in this city for several years; that he was a resident here last Summer when the crime was committed in South Carolina and that while he is from Florence, S. C., his wife died a natural death there several years ago. He has a brother in this city also and he corroborates the story as told by the prisoner. The crime in South Carolina was a very brutal one and a large reward awaits Officer Huggins should Knox turn out to be the man wanted.

THE EAGLES CARNIVAL.

Date Postponed to Week of December 10th—New Company.

Owing to the inability of the Frank Hatch Carnival Company to make proper transportation arrangements for the bringing of their shows to Wilmington for the Eagles' Carnival the week of November 19th, the committee has been obliged to cancel the contract with that aggregation, and make a new one with the Barkoot Company, which is now playing engagements in South Carolina. On account of the change of companies the carnival here has been postponed to the week of December 10th. The Barkoot Company is in Charleston this week and the press criticisms are very favorable.

OFFICIAL RESULTS

Returns From Tuesday's Election in New Hanover Canvassed by Board

MAJORITY NEARLY 1,300

Magistrates in Wilmington Township and Vote Received By Each—Certified Copies of the Vote Made Out According to Law.

The County Canvassing Board, which, according to the Election Law, of the State, is composed of one of the officers in each of the voting precincts in the county, met yesterday at the Court House and made an official canvass of the returns in Tuesday's election in New Hanover. The Board organized by the election of Woodus Kellum, Esq., chairman and Mr. A. G. Hankins, secretary. The returns from the various precincts were carefully gone over and certified copies of the same made on blanks furnished for the same, one to be filed with the Register of Deeds, one with the chairman of the County Board of Elections and another for the State Board. The usual proclamation of the vote was made at the Court House door by the chairman.

The official returns show little change in the figures from those previously given. In the Third ward, there were several scattering votes. Capt. Walter G. McRae and Mr. Martin S. Willard each received one vote for the State Senate; Robert Ruark, Esq., one for the Legislature; Mr. J. T. Riley, one for Register of Deeds and Mr. William Goodman one for Coroner. The vote is given elsewhere in to-day's paper in tabulated form. It will be seen that the majorities for the Democratic judges in the State where there was opposition were 1,223; Corporation Commission, 1,221; State Senate, 1,200; Solicitor, 1,217 and for Congress, 1,165. The vote is very satisfactory indeed and shows that the party has taken a step forward, even on the off year. The majority for the National ticket in New Hanover two years ago was less than 1,200.

The vote for magistrates in Wilmington township resulted as follows: A. S. Winstead 1; R. A. Burnett, 1,174; J. C. Walton 1,170; R. C. Banks 1,168; John J. Furlong 1,173; John Barry 1,171; J. D. Mote 1,171; J. M. Woolard 1,173; W. H. Coleman 1,170; W. McD. Evans 1,171; J. G. L. Gleschcer 1,168; M. Newman 1,172; W. R. Kingsbury 1,175; John C. Springer 1,174; M. J. Heyer 1,173; W. L. Burkheimer 1,168; W. E. Perdew 1,176; J. F. Marnder 1,175; W. E. Yopp 1,176; W. H. Bernard 1,172; C. W. Worth 1,175; R. W. Price 1,171; E. D. Williams 1,176; G. W. Bowerman 1,174; J. F. Littleton 1,175; B. R. King 1,172.

WATER COMPANY ANSWERS.

Replies to Complaint in Suit for Damages in Willard Case.

Messrs. Bellamy & Bellamy, Jno. D. Bellamy & Son, Davis & Davis and Herbert McClammy, Esq., counsel for The Clarendon Water Works Co., yesterday in behalf of the company made answer to the complaint of the Willard Bag & Mfg. Co., in the suit which the corporation has brought against the defendant for the recovery of about $25,000 lost over and above the insurance by the burning of its factory on Nutt street about a year ago It will be remembered that inadequate pressure and supply was charged, which allegations are denied. As to the contract with the city, it is set up that the contract itself is the best evidence of the terms of same. It is further answered that the original fire was under control at the time when gasolene and other combustibles, kept contrary to law, were ignited and spread the fire to the factory of the complainants.

The suit will be an interesting one and will probably come up for trial in the Superior Court early in the new year. Messrs. Meares & Ruark are chief counsel for the plaintiffs.

Two Trifling Alarms.

The Fire Department was called out yesterday afternoon at 1:30 o'clock in response to an alarm from box 112. Sparks from a chimney caused a damage of about $25 to a two-story, frame house at 904 Campbell street, owned by the Brown estate and occupied by Mittie Hawkins, colored. Last night at 7:45 P. M., a telephone alarm carried the Department to Front and Dock streets. A chimney burning out in the tenement house on the corner was the cause of the trouble.

—Mr. S. B. McLean, of Maxton, was a guest at The Orton yesterday.

TO CORRECT ABUSES

Shoe Dealers Organize For Satisfactory Trade Regulations—Constitution and By-Laws Adopted—Goods on Approval.

"The Shoe Dealers' Association of Wilmington, North Carolina," has been organized by the majority of the retail dealers of the city for the promotion of more satisfactory trade relations and for such regulation of the business as the organizers of the movement believe will result to the advantage of both the customer and the dealer. Mr. W. A. French, Jr., is president; Mr. J. G. Barentine, vice president; Mr. I. W. Solomon, secretary and treasurer. An executive committee composed of Messrs. George R. French, George W. Chesnut, and W. C. Peterson, is named to have in charge the general affairs of the Association and to act as arbitrators of any differences that may arise between members, each of whom pledges himself to abide by the decision of the committee as final.

The dealers represented in the Associatfon are Messrs. Chesnut & Barentine, George R. French & Son, Peterson & Rulfs, Hewlett & Price, Goodman Brothers, Mercer & Evans Company, J. W. H. Fuchs, Solomon's Shoe Store, John H. Rehder & Co., and George O. Gaylord. Others are hoped to be interested in the movement.

The unsatisfactory method of sending shoes out on approval is one of the evils that is sought to be eliminated and the following section of the by-laws is intended to correct this abuse:

Article 2:—That the present method of our sending our goods out on approval is injurious to our business advancement and it being self-evident to us that the same is abused and believing as we do that this can be adjusted in a manner satisfactory to ourselves and our customers, and knowing as we do that the only satisfactory way for a customer to fit himself or herself is to try his or her shoes on in the store, where the different widths and sizes and styles may be tried and a fit assured and being desirous as we are that our customers be given the benefit of our study and knowledge of the shoe business, we do hereby agree that on and after the first day of December, 1906, we will not send out any shoes on approval in the city, that is "deliver to any person or persons for trial at their home or residence or for their inspection or for an anticipated sale."

A penalty of $25 is imposed against any dealer violating the rule, the amount to go to the informer, on conviction of the dealer by the committee, and an additional $25 to go to the credit of the Association.

The dealers believe that the rules and regulations prescribed will result in advantage to dealers and patrons alike and have framed the by-laws with an eye to the customer as well as the store.

PENDER'S MAJORITY 800.

Official Vote as Declared at Burgaw by Canvassing Board.

(Special Star Correspondence.)

Burgaw, N. C., Nov. 8.—The County Board of canvassers met in the Court House here to-day and declared the result of Pender's vote in the general election Tuesday. The county officers were elected by over 900 votes without opposition. Mr. T. H. Wells, Democratic nominee for the Legislature who was the only candidate with any sort of opposition, received the handsome majority of 775. His campaign was vigorous and highly commendable. Although his election was a certainty from the hour he was nominated, he went up and down the county and spoke from nearly every steump. He is a young man of sterling qualities and his Democracy is the Jeffersonian stamp. The peoples' interests will be safe in his hands. The son of a Confederate veteran, he does not allow the banner of his forbears to trail in the dust.

Congressman Charles R. Thomas receives a majority of 842 over his opponent. Democracy was led in the campaign by that able young lawyer, E. L. Larkins, Esq., who made a brilliant director of the affairs of his party. Independentism received no encouragement from the people of Pender county in this election.

Cornelius Davis, the popular Front street barber, after a sickness which confined him to his home several weeks, is again on duty at his place of business, where he will be glad to see his friends and customers.

A young man who is quick with figures, is wanted at the Star office to make out and collect bills and do other office work. 9-3t**

SUN SPOTS AND THE WEATHER.

In last Sunday's New York Times was a diagram accompanying a report of the investigations of Prof. Bigelow concerning the connection, long suspected, between atmospheric conditions on earth and conditions on the sun. In an editorial the Times says the connection appears to be reasonably well established by the investigations of Prof. Bigelow. Our contemporary goes on to say that the fact that sun-spot areas wax and wane in an eleven-year cycle was noted years ago, as was the coincidence that the year during which the spotted area was most extensive was frequently marked by unusual magnetic and electrical phenomena on earth.

Prof. Bigelow, however, has not concerned himself with the area covered by the sun spots. Instead, he has studied the violence of the convulsions which are seen from the earth as "Spots." These convulsions, whatever be their precise nature; whether they be regarded as colossal storms or eruptions, or geyserlike whirlpools—throw out from the surface of the sun wild billows of liquid fire or electric flame whose tongues leap upward sometimes hundreds of thousands of miles. Prof. Bigelow holds that the true index to solar conditions is furnished not by the area covered by the convulsion, but by the height to which its energy tosses the flames.

Accordingly he has studied and tabulated the comparative height of the flames—which are seen from the earth as light prominences and are discernible as strikingly beautiful phenomena in the corona witnessed at a solar eclipse—between the years 1872 and 1900. It was at once apparent that the prominences increased and diminished in a three-year period—that, by this index, the solar tumult rose to recurring heights of violence every third year.

In the diayram printed Sunday Prof. Bigelow shows graphically that the year of climax of this solar cycle has synchronized with years of highest temperature on earth.

IMMIGRANTS WANT TO RETURN.

As was to be expected of some of the immigrants who were landed in Charleston last Sunday by the steamer Wittekind, a few of them are dissatisfied and want to return to Europe. They probably belong to the shiftless class at home and as they find out that they will be sent back, they will doubtless go for the free trip. A dispatch from Columbia says a party of about 40 immigrants went there on Wednesday from Darlington, where they had been assigned to work in a cotton mill, being dissatisfied with conditions. Commissioner Watson had many of these placed on farms in different portions of the State. Several of the new comers don't like America and are protesting that they have not found things as they expected. Commissioner Watson does not want any to feel that they have been kidnapped and he has offered to provide for the passage back home on the Wittekind of any that want to go. If they do not change their minds in the meantime, about 21 Belgians will go back home. These, it seems, shipped under some misapprehension in the hurry of the last days before the Wittekind cleared.

If the expenses of immigrants are to be paid back home many a European would doubtless like to make a pean would doubtless like to make a tour to America on the same terms.

WARNING TO SOUTHERN DEMOCRACY.

The Houston Post makes the following timely remarks:

"In the old South the Democratic party, as well as the Democratic traditions, have been preserved, and as the Washington Post says, it is in the South only that this is true. For this reason, it behooves Southern Democrats to resist to the last the invasion of their citadel by socialism. To this end, Democrats should give need to the insidious influences which have all but destroyed the Democratic party in the Northern States. We know what these influences are and should be on our guard against them."

Those influences are so insidious that many a man finds himself entertaining socialistic ideas and having a horror of socialism at one and the same time. Many a man who would deny that he is a socialist comes very nearly being one if he only knew it. The best way to steer against socialism is to teach genuine old fashion Democracy which has been taking a rest in Davy Jones' locker.

CURRENT COMMENT.

—About the truest and cleverest thing Hearst said during his campaign was his remark that "the grand masters of the plunderbund never donate anything to a political party, they invest."—Raleigh News and Observer.

—Mrs. Burton declared that she was never more proud of her husband, the ex-Senator from Kansas, than when she was accompanying him to the prison where is to serve a term. We cannot quite understand that view of Mrs. Burton, but we can readily understand why Burton should never have been so proud of his wife.—Savannah News.

—The importance of athletics for young women is again demonstrated in the accounts of the fire in the young ladies' boarding school at Defiance, O. Two of the young ladies saved themselves by lowering a clothes line from their window and sliding down it—a feat which would probably have been impossible but for gymnasium practice.—Indianapolis Star.

—Politics this year has been characterized by unusual unrest and independence of party obligations. If this were confined to the dominant party an overturn would be almost certain. Unfortunately, this state of affairs outains in both parties, and makes estimates unusually uncertain and hazardous. Those interested, however, have not long to wait, and the returns will possess unusual interest.—Louisville Courier-Journal.

—Mr. Jacob H. Schiff, the New York banker and philanthropist, is now a union stonecutter with a working card. Mr. Schiff the other day laid the corner stone of the new Ohab Zedek Synagogue, but before he could do so it was found necessary for him to become a union stonecutter, so he made application to and was admitted by Union 37, and the corner stone was successfully placed by him.—Savannah News.

—The Savannah crusade against suggestive pictures in low groggeries has been beaten in Atlanta. In that city a war has been started against "high art" in bill board advertising, and posters advertising corsets, pills, pink pajamas and the like are to be rigorously censored by the custodians of the public morals. Venuses and Bacchantes are to be chased off the bill boards, and not even a bohemian rhyme may tell of the virtues of a patent medicine.—Savannah News.

—A prominent Cuban official having been quoted as saying that every Cuban who has a dime in his pocket is in favor of annexation to this country, the New Orleans Times-Democrat remarks: 'But the very reason he desires annexation is the reason this country should not consider it. The problem which is confronting the white people of Cuba now would be transferred to our shoulders, and we have a sufficiency of that problem as it is.' Precisely. And the problem is a race problem, which in many respects is worse than the one we are carrying.—Richmond News- Leader.

IT IS FOR LADIES, TO...

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

HARDIN'S PHARMACY, Special Agent.

The average young woman of today is busy. Beauty is only another name for health, and it comes to 99 of every 100 who take Hollister's Rocky Mountain Tea. Tea or Tablets, 35 cents. J. H. Bunting Drug Co.

There's no use getting mad if that for sale sign you stuck on the front of your vacant house has not brought you a tenant or purchaser. Your sign has been read and reread by practically the same people, who pass by it every day and who are too intent on other things to stop and look over the property. Now, if you would advertise in the Business Locals of the Morning Star it would come before the eyes of all the people looking for real estate. This is because they are accustomed to have the Morning Star tell them what property in Wilmington may be had.

GIGATIC SCHEME OF FINANCIERS

Syndicate With $9,000,000 Formed to Develop Electrical Power—Plan For Utilizing Waterpower on Immense Scale out West.

(Washington Post.)

Cleveland, Ohio, Nov. 5.—Backed by a $9,000,000 syndicate, Thomas F. Walsh, of Denver and Washington, and former Gov. Myron T. Herrick, of Cleveland, purpose to harness the mountain cataracts and streams of the Rockies and revolutionize industrial conditions in the West. Their plans contemplate one of the most gigantic engineering feats in the history of the United States—the development of the water power of the mountains of Colorado for long-distance transmission. The deal has already been financed.

Herrick is enthusiastic over the outlook. The lesson of Niagara's cataract, he declares, has shown what can be done with the colorado streams. Fifty streams will be harnessed, and Herick foresees a commercial development throughout the West which shall bring electricity into use among the Western railroads and western manufacturing plants. For the present only territory within a radius of 110 miles of the central power plant will be embraced. Later a general broadening out is contemplated until the whole Middle West is taken in.

The project has been under way for three years. Mr. Walsh and Governor Herrick, aided by other capitalists from Europe and the larger American cities have made a careful canvass of the situation, and have invested their money freely in the scheme.

An investigation of the water power possibilities at Niagara and in various European cities led to the project.

AN OPEN LETTER.

To The People of Wilmington.

To Whom It May Concern:

Of late there has been a good deal of discussion in Wilmington in regard to advertised medicines and their value—the papers are full of them.

We want to say to every man, woman and child in Wilmington, that we believe the most valuable preparation of cod liver oil—the best tonic reconstructor, health restorer and strength creator—we have ever sold in our store, is Vinol.

Vinol is not a patent medicine, it contains no injurious drugs, but it actually does contain all of the medicinal, curative elements taken from fresh cod's livers, without a drop of the useless oil to upset stomach and retaord its work, and tonic iron added.

Vinol is recognized throughout the world as the greatest strength creator for old people, weak, sickly women, and children, nursing mothers and after a severe sickness.

Vinol cures hacking coughs, chronic colds, bronchitis and all throat and lung troubles. We ask the people of Wilmington to try Vinol on our offer to return money if it fails. Robert R. Bellamy, druggist.

While we are sole agents for Vinol in Wilmington, it is now on sale at the leading drug store in nearly every town and city in the country. Look for the agency in your town.

TYNER'S DYSPEPSIA REMEDY.

Many Have Dyspepsia and Don't Know It.

Do you belch wind? Taste your food after eating? See specks before the eyes? Are you pale and haggard? Does you heart flutter? Are you dizzy? Do you have pains in your side or back? Risings on the skin? Are you low-spirited? Is there a sour taste? Breath bad? If so you have dyspepsia and it is a dangerous condition. Don't delay, but take Tyner's Dyspepsia Remedy. It is made for just such troubles and symptoms. Tyner's Dyspepsia Remedy removes acids from the stomach, strengthens weak stomachs, helps digest your food. Sold by druggists, 50c a bottle, and in Wilmington, N. C. by J. Hicks Bunting Drug Co.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tacket, of Alliance, Ky., as a year of blood; which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astounding result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for Sore Lungs, Coughs and Colds, at R. R. Bellamy's drug store. Price 50c and $1.00. Trial bottle free.

Famous Strike Breakers.

The most famous strike breakers in the land are Dr. King's New Life Pills. When liver and bowels go on strike, they quickly settle the trouble, and the purifying work goes right on. Best cure for constipation, headache, and dizziness. 25c at Bellamy's drug store.

AUNT CYNTHIA

[Original.]

As Reginald Crane and his newly wedded wife stepped on the train to go to his home a telegram was handed him. A cloud gathered on his brow.

"What is it?" asked his bride anxiously.

"Uncle Frank is dead."

"Well?"

"That means trouble for us. Aunt Cynthia has been very near to me. I am her only near kin. And I must give her a home."

"I have heard that your aunt is a delightful old lady."

"She is, but she has suffered much, and her nerves are unstrung. Uncle Frank understood her condition, and now that he is gone I alone understand it. He as her husband and by disposition was well fitted to bear with her, to comfort and encourage her. For this she will now look to me."

Friends, relatives, connections, waited expectantly to discover if Reginald would provide a home for his aunt. They said nothing to him, but the women cackled among themselves. They did not doubt that Reginald would do his duty, but they wondered if his wife would permit him to do it. The young couple satisfied the family's expectations by inviting Aunt Cynthia to make her home with them, and she removed, bag and baggage, to their house. She was naturally frank, impulsive, generous—indeed, among those who were not constantly with her was very popular. She stepped from her own household, which she had managed for forty years, to the position of guest in the household of Martha Crane.

"She'll make it hot for us both," remarked the young man to himself, but to his wife he said he sincerely hoped the old lady would be happy in her new home and make them happy too. The Van Winkle family, who were most interested in Aunt Cynthia's welfare, waited and watched to see how their relative would be treated, especially by Martha. It was not long before they learned from the old lady herself that, while Reginald was the perfection of kindness, he had made a very unfortunate marriage. Aunt Cynthia was one of those persons who must have confidants, and, honestly believing that she was being very badly treated by her nephew's wife, she poured a tale of woe into the ears of every relative. Her defense of Reginald counted for nothing with these people, because they said he knew when he married Martha Grant that his uncle would not live long and his aunt would need a home; therefore he should not have married at all. This was the position taken by the Van Winkle family, and Peter Van Winkle, when the old lady one day flounced out of her nephew's house and vowed she would no longer live with a woman who persisted in ill treating her, cut Reginald on the street. Other relatives followed suit, and it was not long before the young couple were estranged from every one of the husband's family.

A singular feature of discord is that it is catching. After an explosion with Aunt Cynthia the nerves of the husband and wife were so rasped that they at times fell to quarreling. Every couple has its own troubles to meet without being called upon to suffer needless complications, and the Cranes had theirs. The two together so wore on them that they were at times in but little better condition than Aunt Cynthia. So it got out, through Aunt Cynthia, that Martha Crane was a shrew and poor dear Reggie was having a terrible life with her. This story was confirmed when at last Reginald broke down with nervous prostration. Peter Van Winkle heard of it on his way to prayer meeting and mentioned it in his address to the heavenly throne, calling the Lord's attention to the consequences of persons not doing their duty.

Reginald got better after awhile, but the aunt, not finding another home suited to her taste, came back and settled again with the Cranes. Mrs. Crane became more and more rasped, losing flesh all the while, till at last one spring she was obliged to go into the country early and recruit. Aunt Cynthia begged to go, too, but by this time Reginald and Martha, who saw that unless they could get a rest for a time they would both have to go to an asylum, flatly demurred.

"Why not spend your summer with the Van Winkles?" they suggested.

But the Van Winkles had their plans all formed, and these did not include Aunt Cynthia. They all went to their country places and each wrote to the other: "Just think of poor Aunt Cynthia getting through the long summer as best she can. I would like to tear the hearts—if they had hearts—out of her nephew and his vixen wife."

Not only did the summer plans of the relatives not include Aunt Cynthia, but when they were at home their invitations to her were limited. She was handy with her needle, and whenever sewing was to be done it was "Dear Aunt Cynthia, come and lunch with us. Come at 9 a. m. and spend the day." Aunt Cynthia never suspected that she was needed for a purpose.

When Aunt Cynthia died the relatives concluded to forgive the Cranes, both husband and wife. Peter Van Winkle, the next time he met Reginald, advanced with outstretched hand. Reginald walked by him with eyes in front, and when he met the other Van Winkles he did the same by them.

"Why," asked a mutual friend, "don't you accept the olive branch? Have they treated you so badly?"

"No," replied Reginald; "they treated my aunt badly."

SPIRITS TURPENTINE

—Yesterday afternoon the corner stone of the Masonic Temple at Winston-Salem was laid with appropriate ceremonies by the Grand Lodge.

—Wilson, N. C., Nov. 1: The stockade for the county convicts which has been in course of erection for several weeks at the county farm, near Wilson, is nearing completion. This building is of fire-proof construction throughout, being built of iron, cement and brick and has room to accommodate sixty convicts. It has

—The remains of Dr. J. B. Matthews, who murdered his wife at Greensboro several months ago and who committed suicide in Baltifore a few days ago, were interred in Maplewood cemetery at Durham on Wednesday morning. The funeral service was conducted from the home of his parents, Mr. and Mrs. B. W. Matthews, at 10:30 o'clock by Rev. T. A. Smoot, pastor of Main Street Methodist church, and Rev. T. A. Boone, who is now making his home in Durham. A large number of frientls attended the funeral and viewed the remains.

—Raleigh News and Observer, Nov. 8: Governor Glenn returned to the city yesterday morning from Winston, where he had gone to vote after attending the funeral of his brother, Mr. E. T. B. Glenn, in Macon, Ga. Governor Glenn states that within the next two weeks he expects his brother's children to come to Raleigh, and with them his mother, Mrs. Chalmers Glenn, who is greatly overcome by the death of her son. Governor Glenn will remain quietly at home till after Christmas, as he feels the need of rest, and says that he does not think that he can accept any invitation that will call him out of the city till after Christmas.

—Wilson, N. C., Nov. 7.—Wilson county surpassed all expectations in the election yesterday. It was expected that the Republicans wou'd certainly carry two township and two others were considered extremely doubtful. so there was great satisfaction when the returns showed that every precinct in the county had gone Democratic. The average Democratic vote was slightly over seenteen hundred, the average Republican vote was about five hundred, the Democratic majority being about twelve hundred or about double what was expected. The vote in this county two years ago was Democrat, 1,387; Republican, 586. Thus it will be seen that the Democrats made a gain of over three hundred and the Republicans a loss of nearly one hundred votes.

—Charlotte, N. C., Nov. 7: District Attorney A. E. Holton, of Winston, arrived in the city this morning after having returned home to vote, and a few hours later resumed his investigation of the matter of the English immigrants who are being held here pending the decision of the Washington authorities. Mr. Holton stated emphatically that there was no truth in the reports that Special Agent McLoughlin had been guilty of any rough treatment towards the immigrants. The mill men, of this section, however, are demanding that there sha'l be fair play and are not willing that any sort of unofficial investigation shall be made. Today Mr. Holton examined personally a number of the immigrants at the Federal building in order to get at the truth of the reports and charges made, and also to secure the facts first hand, as he states.

—Southern Pines special, Nov. 5.—Dr. Alice Johnson, one of the most popular residents of Southern Pines, leaves Nov. 15 for Asheville, where she will enter upon the practice of medicine. Dr. Johnson is a remarkable woman. A few years ago, with her sister, Miss Sarah Johnson, she opened a drug store in Southern Pines. Both girls were thoroughly posted in their work, and both of them became universal favorites in the town. Miss Alice left to study medicine. She was successful from the day she opened an office, Miss Sarah Johnson stayed with the drug store until it was sold, but the patrons of the place asked for her so often that she was brought back. She left town two or three times, but invariably to be called back and the store having changed hands again in the summer, she went away again. The proprietor of another drug store in the town sent for her, and now Sarah Johnson is in the store which from its establishment has been the opposition. Dr. Alice Johnson is bright, energetic and thoroughly posted, and if she does not quickly establish herself in Asheville, the people of Southern Pines are no guessers.

—Mayor McNinch, of Charlotte, was in Washington on Wednesday to ascertain the purpose of the government with reference to the deportation of the English textile operatives detained in that city, and likewise the prosecution of North Carolina mill men for violation of the alien contract law. He was at the White House Wednesday morning, where he had an interview with Secretary Loeb, and later conferred with Acting Secretary Garfield, of the Bureau of Labor and Commerce, and Commissioner Sargent, of Immigration. The primary object of the mayor's visit was to bring about, if possible, an annulment of the order for deportation. A number of the aliens who are detained wish to remain in Charlotte, so the mayor said, and he cited particularly the instance of a girl employed as a domestic by a Mecklenburg family. The officials declared that they would be pleased to comply with this request, but that they had no alternative than following the statute, which prohibits contracts for alien labor. All the aliens now detained, with the exception of those needed as witnesses in the prosecution to be undertaken, will be sent back to England.

—Dunn, Nov. 7: When seen today Hon. H. L. Godwin, Democratic Congressman-elect from the Sixth District, said that his majorities were as follows: Robeson, 2,000, a gain of about one thousand over last election; New Hanover, 1,182, a gain of about two hundred over the last election; Cumberland, estimated at 750, which shows a substantial gain; Bladen, 500; Columbus, 400; Brunswick, estimated at 200, which is practically all gain, and Harnett, 540, representing a gain of 240, making a total vote of 5,632 majority in the district. Mr. Godwin expresses satisfaction over the outcome of the election as well as an appreciation of the responsibilities of the position to which he has been elected. The Democrats in Harnett turned out in good force, though there were quite a large number of voters who did not attend the election doubtless due to the fact that it was an off-year without the enthusiasm connected with a Presidential election.

—George E. Holt, of Wake county, aged 22 years, died at a hospital in Salisbury late Tueshay night following an operation performed last week for appendicitis. He was a fireman on the Southern Railway. He was stricken suddenly on his locomotive and the engineer had to fire the engine into Spencer.

—Concord special, Nov. 7: Toniyht at 7 o'clock Bud Rose, overseer of spinning in Brown mills, shot and killed Dan Louder, and seriously wounded Wash Foster, both notorious characters. Foster and Louder quit work at the mi'l Monday and demanded their "time," which was denied until regular pay day. They tanked up on cider and whiskey on election day, went to the mill today, inquired for the overseer, saying they would have "time" or kill Rose. Not finding Rose, they left the mill. Returning later, they found him in the spinning room. Louder advanced with a knife, and Foster with a pisto', threatening Rose, who drew a pistol and fired four shots, two taking effect in Louder and two in Foster. Louder died instantly in the aisle of the mill between the spinning frames. Foster ran to his home. Rose went to the sheriff's office with Superintendent Hays and surrendered. The shooting was done in the mill and was witnessed by the secretary and treasurer of the mill, Mr. White, and by Superintendent Hayes and employes in the mill at the time. The mi'l was running when the shooting occurred. Wash Foster is considered in a critical condition and his recovery is doubtful. All three were young men, probably not over 17 or 18 years.

—Greensboro correspondence, Raleigh News and Observer, Nov. 7: When the returns this morning showed that Guilford had largely increased its Democratic majority over two years ago under Douglas's reign, the "In" faction was jubilant, and pointed with pride to the result as young "Bob's" vindication. To this the anti-Douglas county manager's reply that when Haskins succeeded in pushing Douglas out of the chairmanship it was late in the campaign, and it was found that Douglas by not looking after the poll tax proposition on May first had allowed over 500 white Republicans to disfranchise themselves by failure to pay poll tax. They also charge that Douglas running the Industrial News as a mouthpiece for Butler and Adams, cost them another 500 in Guilford. The Blackburnites also point to the increased Democratic majority in the State in support of their assertion that Adams and Butler and the Industrial News are responsible not only for that, but also for the defeat of Blackburn in the Eighth District. On the other hand the "In" element are making all sorts of fun of the "outs'" great management of Guilford politics. Old man Cicero Holton, who ran under Douglas' management for the Senate two years ago and was beaten by Scales 1,100 majority, wrote to Chairman Hankins all the way from Jamestown this morning when he heard that Holt for the Senate had beaten Frazier about 1,500 majority, and the other Democratic candidates had about the same increased majorities, to please send him back a recipe for making "landslides go up hill."

Run Over by an Ox-cart.

A colored boy 12 or 13 years of age, a son of Janie Evans, was run over by an ox cart and badly injured at Ninth and Nixon streets yesterday morning. One wheel of the cart passed over the boy's back. A physician was summoned to attend him.

RUNAWAY ON FRONT STREET.

Delivery Wagon of Bunting Drug Company Wrought Much Havoc.

Frightened by a passing street car a horse attached to a delivery wagon of the J. Hicks Bunting Drug Company and belonging to the firm, dashed down Front street yesterday morning in a mad runaway. Reaching Chestnut the frightened animal turned up toward Second street, striking a hack belonging to Dave Sasser and completely demolishing it. A few feet further on, the runaway turned up the driveway at the rear of the postoffice, but the turn was too sharp and the horse and wagon both rolled over on the ground. The vehicle was pretty badly wrecked but the horse appeared to be uninjured. The runaway caused much excitement among a large number of people gathered about the postoffice building for the Federal Court.

Mayor's Court Yesterday.

There were only two cases of interest before the Mayor in the police court yesterday. Jim Williams, the negro charged with the larceny of a horse and buggy from Messrs. Orrell & Alexander, the liverymen, was bound to the higher court. He went to jail in default of $100 bond. Henry Kelley, colored, charged with vagrancy was given 30 days on the roads.

LOCAL DOTS.

—John Watson is once again in the toils. He was arrested yesterday afternoon by Officer M. A. Jones, charged with being drunk and disorderly in a saloon across from the market house, on Front street.

—It has been decided to turn the old white man, arrested Wednesday for making threats against the lives of certain officers, over to the county authorities for an examination into his mental condition. There were no developments in the case yesterday. The man is still confined in the police station.

—The body of young Walter Fields, who was drowned in the Cape Fear river, was taken yesterday morning on the early Seaboard train to his home at the Scotland Mills, near Laurinburg, N. C., for interment. His father, Mr. Taylor Fields, of Laurinburg, arrived on the midnight train and accompanied the remains home.

—Charles C. Loughlin, Esq., assignee, yesterday effected a sale of the Dixie Cafe property on Princess street, to John Herrites, a Greek, who formerly conducted a restaurant at Lumina, on Wrightsville Beach. The price is understood to be about $850 the purchaser assuming all the indebtedness on fountain, fixtures, etc. Herrites announces his purpose to remodel and refit the place, opening at the stand in a few days.

PERSONAL PARAGRAPHS.

—Mr. E. H. Gibson, of Laurinburg, N. C., was among yesterday's arrivals.

—Mr. C. D. Osborn, of Oxford, was among the arrivals at The Orton yesterday.

—Mr. P. A. Mitchell, of Raleigh, arrived yesterday and is a guest at The Orton.

—Mr. R. W. Ward, of Burgaw, arrived in the city yesterday and is a guest at The Orton.

—Mr. J. W. S. Robinson, of Delta, Sampson county, was in the city yesterday on a business trip.

—Major R. M. Albright, of Raleigh, was among the arrivals in the city yesterday and is a guest at The Orton.

—Jackson Greer, Esq., of Whiteville, State Senator-elect, from his district, was among the arrivals in the city yesterday. He is here on legal business.

—Mr. Lee Battle, formerly of this city, but now connected with a large number of enterprises of the progressive city of Greensboro, arrived in the city yesterday and is a guest at The Orton.

—Friends of Mr. Jos. W. Murrell will regret to know that he is again confised to his home by illness. He has been quite sick with a recurrent attack of fever since last Monday.

—Mr. Franklin Johnson, of the Ben Greet Company of players, arrived in the city yesterday and is making arrangements for the coming of his attraction to the Academy of Music in the near future. The appearance here will be in the nature of a benefit, probably for the Sorosis Public Library.

Schooner Jackson Cleared.

The schooner Job H. Jackson, which was towed into this port on September 21st, dismasted and otherwise badly damaged in the storm off this coast, will be taken in tow this morning by the tug Alexander Jones for Philadelphia. A board of survey, composed of Capt. Cochran, of the schooner Harriet C. Kerlin; Mr. Louis H. Skinner and Mr. W. N. Harriss, met on the ship yesterday morning and recommended that she be towed to her destination, being in a seaworthy condition after extensive temporary repairs at the marine railway. Capt. Peters is in command. The vessel is cleared by C. D. Maffitt.

—Tarboro special, Nov. 5.—Elliott Lewis was cut to death Saturday night by a negro's razor in the hands of Marshall Davis. His slayer is still at large, having made his escape during the confusion incident to the murder. The scene of trouble was a negro festival given in this instance by Marshall Davis himself, at the house of Mrs. Lizzie Battle's farm, near Rocky Point. There seems to have been no grudge existing Lewis and Davis. Lewis was regarded as inoffensive, but Davis has the name of being a scrapper. There appears to have been a fuss going on in the corner room. Davis ordered the door to be opened and said he was going to put out all who wouldn't behave themselves. Every time the door was opened Lewis shut it and braced himself up against it. Davis caught Lewis and threw him out the front door, then passed through the middle door and out the back door and ran and ran and caught Lewis, whom he cut with a razor, making two deep wounds, one of which proved fatal. Lewis broke loose and ran into the woods where he expired. Davis returned to the house where he obtained another razor and departed.

INDIAN MYTHS.

One Accounts For the Custom of Scalping an Enemy.

Among the many myths of the North American Indian the disposition of the soul after its separation from the body and its close connection with the scalp varies according to the religion of the tribe. With some the journey to the "happy hunting grounds" begins immediately; with others the spirit remains near the grave. Again, if an Indian dies away from the lodges of his people the spirit returns at once to them, where it hovers as if reluctant to leave. Among the upper Missouri river tribes it is believed that before the spirit finally departs from those who have died from wounds received in battle it floats toward a great cliff overhanging the Missouri and carves upon the wall of rock a picture showing the manner of death.

It is believed by most of the plains tribes that the soul attaches itself to the scalp; that the soul of a person scalped does not suffer from the wounds inflicted on the body, but that the opposite is the case where the scalp is not torn off.

An Indian who kills himself in battle, accidentally or purposely, has positively no hereafter. He is irrevocably lost. Those who are struck by lightning or die by any other apparently direct operation of the Great Spirit are hurriedly buried where they fell without ceremony, and no mound or mark is erected over them. If after a battle there are found corpses not scalped or mutilated it is positive evidence that such persons came to their death by their own hand, for it is a tenet of the Indian religion not to scalp or mutilate the body of an enemy who commits suicide. — Cleveland Plain Dealer.

LEPROSY.

Peculiarities of This Loathsome and Deadly Disease.

The fact that many persons come into intimate contact with lepers for years without becoming affected is not strange when one reflects that the same applies to the closely allied disease—tuberculosis. Men have voluntarily submitted themselves to direct inoculation with material from the sores, discharges, etc., of lepers, yet in only one case (that of a Hawaiian convict who, when condemned to death, submitted to the alternative of inoculation) was the actual disease produced in this artificial manner.

There is no cure for leprosy. All the remedies proposed after the disease becomes well seated have been of little use. The utmost attained is a prolongation of life and a mitigation of suffering.

There is a tradition which has of late obtained some scientific support that fish diet is one of the necessary causes of leprosy, either through tainted fish containing some substance which stirs the bacilli into activity or through the bacilli growing in the fish and thus being taken into the stomach. This lunacy may have originated in the belief that the scales of the leper and the scales of the fish are analogous. Leprosy exists among inland peoples who never eat fish and does not seem specially prevalent among those of the coasts who eat most fish. A curious thing about leprosy is that only one woman is affected to every four men.—New York Press.

BEING PURSUED FOR REBATING

Eleven Indictments at Minneapolis Against Railroads and Grain Dealers.

GAVE AND TOOK REBATES

Four Indictments and Seventy-five Counts Against Great Northern Railroad—Sensational Developments In Course of Investigation.

By Wire to The Morning Star.

Minneapolis, Minn., Nov. 8.—Eleven indictments were handed to Judge Lochren in the United States District Court this afternoon, covering the giving of rebates by certain railroads and the receiving of the same by grain firms and individuals. The list of corporations against which the indictments were returned as given out by Assistant District Attorneys Ewart and Dickie, who have had in charge the cases, are:

The Great Northern Railroad Company, four indictments and about 75 counts.

The Chicago, St. Paul, Minneapolis & Omaha Railway, one indictment and 50 counts.

Wisconsin Central Railway, one indictment and five counts.

Minneapolis & St. Louis Railway, and five counts.

The indictments against the railroads charge the giving of rebates and under the head of receiving rebates the following true bills were returned: W. P. Devereaux Company, McCaull-Dinsmore Company, Minneapolis; Ames Brooks Company of Duluth; Duluth Milling Company. Some of the specific charges contained in the indictments were against the Great Northern Railway, two indictments for giving rebates to the Spencer Grain Company, one for giving to the McCaull-Dinsmore Company and for giving rebates to the Spencer Grain Company.

The companies indicted who are not railroad companies, are charged with receiving rebates. Besides the corporations, indictments were returned against 11 individual officials of the railroads named, but United States District Attorney Houpt said he would not consent to the names being given out for publication owing to the fact that no service had been obtained on them.

The general offense alleged in the railroad indictments is the absorption of grain elevation charges. After the indictments had been given out to the court the jurors were excused for the term and told to convene again in St. Paul. That a further and more searching investigation into the rebate question will be held is not denied by Assistant United States District Attorney Ewart, and further revelations are expected to be made at the next sitting of the grand jury.

It is said that some matter of a sensational nature will be made public when the cases are brought before the court.

HAD CAUSE TO KILL DOCTOR.

Congressman-Elect in Louisiana Shot Man on Sight.

Baton Rouge, La., Nov. 8.—What led to the shooting and killing of Dr. H. H. Aldrich here last night by his life long friend and associate, Judge George K. Favrol, was still unkown to-day.

Dr. Aldrich's friends offer no explanation for his death. Judge Favrol, after spending the night in jail, said as supplementary to his explanation last night that he had "sufficient cause." It is reported that Dr. Aldrich had been warned that Judge Favrol would shoot him on sight. Judge Favrol is one of the leading figures among Louisiana's Democratic Congressional nominees and was on Tuesday elected by a majority demonstrating unusual popularity. Both men were married and were leaders in the social and professional life of Baton Rouge.

Favrol, after a conference with his attorney, to-day, resigned his position as district judge. Favrol firmly maintains his refusal to discuss the shooting. The more prominent of the local bar have offered their services to Favrol.

Fully a thousand persons attended the funeral to-day of Dr. H. H. Aldrich who was killed last night by Congressman Favrol. In the meantime a host of friends rallied about Favrol visiting him at the jail and two lawyers who have at times been his political opponents, volunteered their services in his defense. Although Judge Favrol maintained silence as to the cause of the tragedy, his friends to-day issued a statement that he "followed the unwritten law" acting in the belief that he was avenging an affront to his family. Favrol's friends also declrae that Dr. Aldrich was forewarned and forearmed.

GOVERNOR GLENN ON THE VICTORY

Says the Great Democratic Majority in North Carolina Was Rebuke to Radicals and Repudiation of Marion Butler.

(Raleigh News and Observer, Nov. 8.)

Goernor Glenn was seen yesterday morning in his office and asked his views in regard to the result of Tuesday's election. He expressed himself in every way pleased, especially in the election of Messrs. Hackett and Crawford in the Eighth and Tenth districts, which secures to us solid Democratic delegation in the next Senate and House of Representatives.

"Our large vote shows," he said, "the patriotism and justice of North Carolinians. Maliciously and falsely the Republican papers and speakers have charged the present administration with reckless extravagance, if not with misappropriation of public funds, and especially have they assailed the management of the public schools, but when the facts were published and fully made known and it was shown that every cent was properly expended and that the schools were conducted on a higher and better plane, affording longer terms, better schoolhouses and equipment and more competent teachers, the people resented the falsehoods circulated and attested their approval by their ratification at the polls."

Continuing, the Governor said, "In the future as in the past the present administration will faithfully and fearlessly guard every interest of the State; will spend no money not needed for public advancement and improvement, but will not let the false clamor of Republican leaders deter it from carefully protecting and promoting the interests of the schools, and from the proper care of all of the State institutions for the helpless and infirm, as well as for the old Confederate soldier."

The Goernor said that in his opinion a few of the chief reasons for our great victory in this, an off year, when people were usually apathetic, were:

First. A rebuke to Marion Butler and Daniel Russell for the part they tried to take in the campaign, for the people felt that in the past they had betrayed the State's interests in attempting to force the full payment of bonds, that the Legislature felt should be compromised on a true basis, and they showed by their vote that the Republican party could never hope to increase in the State as long as they allowed themselves to be led by such men.

Second. The people were disgusted at the falsehoods and misrepresentations set forth in the speeches of Butler and Adams and circulated in some of the Republican papers, especially the Industrial News, and by their vote intended to put the seal of their condemnation on such unfair and false political methods.

Third. That the vote showed beyond all question that the people had full confidence in the Democratic party and believed that their best interests would be preserved by maintaining its honest administration and not by turning the State over to such spoilsmen as compose the Republican party.

The Governor concluded by saying that while proud of the victory, it would only incite him and all others associated with him to try still harder to be worthy of the people's confidence and to do everything in their power to give the people a safe and economic but at the same time, a progressive and up-to-date administration of all the affairs committed to their care.

TO THE PUBLIC.

Editor Star:

In reply to Marshal Dockery's card in reference to myself, I wish to state that the United States government pays me thirty cents per day for their prisoners, and that the State of North Carolina says what the fare shall be for prisoners in jails. When a State prisoner is sick, and the county physician thinks necessary, he orders extra fare, such as milk or anything else, and the county pays for these extras. The United States government does the same thing, and ought to do it, for the price paid per diem does not leave any margin for extras. The fare given to prisoners is wholesome and plentiful and different grand juries confirm what I say notwithstanding the report of Marshal Dockery. I am glad that Marshal Dockery mentioned the fact of furnishing some meals. Some meals were furnished and the charge made for them was twenty-five cents (25c.) each meal which the United States government refused to pay and cut it down to fifteen cents per meal. I ask does this look like great munificence on the part of the United States government or Marshal Dockery? I ask that Marshal Dockery publish his written evidence in full and also his sources of information in full so that I as well as everyone else may see it. No prisoner has been inhumanly treated by me or my jailer and the fare is wholesome and plentiful and what is required by the State of North Carolina, and any insinuations by Marshal Dockery to the contrary are not true

Made Happy For Life.

Great happiness came into the home of S. C. Blair, school superintendent, at St. Alban's, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by R. R. Bellamy's drug store. Price 50c.

THE COTTON MARKET.

New York, Nov. 8.—The cotton market was active and higher today on covering of shorts and some fresh buying for long account. The market closed very steady at a net advance of 18 to 28 points. Sales for the day were estimated at 350,000 bales. The market opened steady at a net advance of 5 to 6 points in response to better cables than expected and smaller receipts. There was some selling on a scale up but the general disposition was to cover short sales on the ground that a bearish ginners report had been figuring on over 7,000,000 hour for this report January had advanced to 9.85 and March to 10.03 or about 19 points net higher. The report showing 6,892,597 bales ginned to November 1st against 6,457,595 bales disappointed some of the bears who har been figuring on over 7,000,000 bales ginned and the market immediately after its publication advanced to 10 cents for January and 10.16 for March or about 30@34 points net higher. There was a good deal of realizing by early buyers and some selling for the account of people who considered the comparison with last season bearish. The market toward the close was down about 8 points from top.

Receipts 49,396 bales against 53,141 bales last week and 58,600 last year. For the week 460,000 bales against 478,161 last week and 354,068 last year. Today's receipts at New Orleans 16,441 bales against 11,863 last year and at Houston 13,714 bales against 18,038 last year.

Spot closed quiet, 10 points advance; middling uplands, 10.30; middling gulf, 10.55; sales 538 bales.

CHICAGO PRODUCE MARKET.

Chicago, Nov. 8.—Easy cables and increased receipts in the northwest caused weakness today in the local wheat market, the December delivery closing at a net loss 1-2c. Corn was down 3-8. Oats were a shade higher. Provisions were 5@10c higher.

DRY GOODS MARKET.

New York. Nov. 8.—The drygoods market was steady to quiet in the cotton goods division, prices for spot goods holding very firm. The raw silk market was in an excited condition, the best prices being nearly $5 per pound. The mens-wear market shows improvement. There is a better call in the jobbing houses for dress goods.

SALE OF NORWEGIAN BARQUE LAUNBERGA, AND CARGO OF SAWED LUMBER.

By order of the United States District Court for the Eastern District of North Carolina. I will expose for sale to the highest bidder at the front door of the United States Custom House, in the City of Wilmington, N. C., at 12:30 P. M. on Monday November 12th, 1906.

The Norwegian Barque "Launberga" as she lies in the Cape Fear river, near Southport, N. C., and also her cargo, consisting of about nine hundred thousand feet (board measure) of sawed yellow pine lumber, the same being of dimensions as follows: 6x9 and 3x9 running in lengths of from 10 to 40 feet. The cargo will be exposed to sale first and then the vessel. The purchaser of the cargo will have the right to remove it at his own cost.

The purchaser of the vessel will be put into possession as soon as the cargo is removed.

The vessel is (about) 1,400 tons—and about 15 years old. She is dis-masted and otherwise injured.

Both cargo and ship will be sold as they are, and at the risk of the purchaser. TERMS CASH.

Danderine

GREW THIS HAIR

And we can PROVE IT

Testimonial No. 570.

MRS. ANNIE E. SHEEHAN,
Weir City, Kansas.

You must remember that failing hair and dandruff are signs of decay, or a diseased condition of the scalp, and you must not delay treatment. To do so simply means more loss of hair, and a greater impoverished scalp, and finally no hair. The wise thing to do is to correct it in the start. Danderine works wonders in all such cases. It will quickly regenerate the enfeebled tissues, and make your hair grow more beautiful than it ever was. NOW at all druggists, three sizes.

25c., 50c. and $1.00 per bottle.

ROCK CLIFF LITHIA SPRINGS WATER.

READ WHAT ONE OF THE MO ST NOTED CITIZENS OF SOUTH CAROLINA HAS TO SAY OF THE FAMOUS ROCK CLIFF SPRINGS WATER.

Spartanburg, S. C., Juiy 24.

To Rock Cliff Lithia Springs Co.:

Gentlemen:—This will certify that I was severely afflicted with a serious case of erysipelas, that confined me to my bed for about six months or more, with daily attendance of my physician, and which eventually setled in my left leg and became so severe that a consultation of three physicians was held and the decision reached that the lower part of my leg would have to be amputated to prevent the disease extending to the upper part of my leg and body. I declined the operation and was advised to try Rock Cliff Lithia Springs Water. I engaged board near the spring and was advised to bathe my leg in the water, at the same time drinking freely.

This application soon soothed the pain, and for the first time in months previous I slept for about two hours. After a week's treatment, without any medicine or physician's help, I walked to the spring on crutches. I continued the treatment daily, and within two weeks was able to walk to the spring without crutches and in four weeks was able to walk home, a distance of 1½ miles, and resume my official business.

I was permanently cured by the use of the water, and take great pleasure in giving you this testimonial to the efficiency of the Rock Cliff Springs Water in the treatment of erysipelas.

MR ROOSEVELT OFF FOR PANAMA

Accompanied By Mrs. Roosevelt, He Boarded Yacht Mayflower Yesterday.

GOING TO SEE BIG DITCH

Trip Will Be Made on Battleship Louisiana Which Will Be Convoyed By Cruisers Tennessee and Washington—President's Plans.

By Wire to the Morning Star.

Washington, Nov. 8.—"Good bye! I am going down to see now the ditch is getting along," shouted President Roosevelt as he stood on the deck of the yacht Mayflower at the Washington navy yard today as the vessel was leaving the dock with the President for his Panama trip.

Accompanying the President were Mrs. Roosevelt and her maid, Surgeon General Rixey, of the Navy, and M. C. Latta, one of the assistant secretaries at the White House. The Mayflower will take the party to Wolf Trap light at the mouth of the Rappahannock river, in Chesapeake Bay, where a transfer will be made to the battleship Louisiana, which is to convey the President to and from the Isthmus.

The President and Mrs. Roosevelt arrived at the navy yard shortly before 4 o'clock. A company of marines and a detachment of sailors were drawn up about the wharf and as the Presidential carriage arrived a welcome was sounded from the bugler aboard the ship and from a drummer in the marine ranks. As the band aboard the ship played the Star Spangled Banner and the bugle sounded another welcome, the President and Mrs. Roosevelt went aboard the vessel. Here had assembled to meet them Postmaster General and Mrs. Cortelyou, Ambassador Jusserand and Madame Jusserand who carried a large bunch of flowers for Mrs. Roosevelt and James R. Garfield, the Commissioner of Corporations.

They remained with the President until the order was given to start. Then a United States flag was run up on the vessel's gaff, the ship loosened from her moorings and the trip to Panama was begun. As the vessel started President Roosevelt appeared on deck and shouted a goob-bye to the crowd which had assembled. As the ship passed the lower end of the navy yard a parting President's salute of 21 guns was fired.

The Louisiana will be convoyed to and from the Isthmus by the armored cruisers Tennessee and Washington Aboard the Louisiana, is Lieutenant Frank Evans who will utilize the wireless telegraph apparatus with which the ship is equipped for communicating with the White House at Washington whenever the President desires. In this way the public will be accurately informed of the movements of the ships. Secretary Loeb will give to the press dispatches from the President which may be received from time to time.

The President will spend four days on the isthmus. He will arrive at Colon Thursday morning, November 15 where he is to be greeted aboard ship by President Amador, of Panama, and Mrs. Amador, Chairman Shonts, and other officials of the Canal Commission. A considerable portion of that day will be spent at LaBoca and Ancon, the train maning a slow run across the Isthmus in order to give an opportunity to see the sites and make an examination of the work. At LaBoca there is to be an inspection of present terminals of the old French canal and the Panama railroad following which there will be a trip to nearby islands, where the President is to be shown the proposed actual Pacific end of the canal in deep water and its approaches. In the afternoon there is to be a sight seeing trip around Ancon hill. At Ancon the day is to be a "fiesta" with the town decorated and illuminated. The President and party are to be driven in carriages through the principal streets accompanied by an escort on horseback. An address will be made by President Amador and a response by President Roosevelt. In the evening the President and Mrs. Roosevelt and others are expected to dine with President and Mrs. Amador at the presidencia. This probably will be the only time on the Isthmus when the President will leave the jurisdiction of the United States. The programme for Friday and Saturday contemplates a visit of inspection to all points of the Isthmus, including the Culebra cut, the site of the proposed dam and locks at Gatun and the present and proposed terminals of the railroad and canal at Crystobal. Sunday evening the party will board the Louisiana for San Juan, Porto Rico, where the vessel is scheduled to arrive Thursday morning, November 22. At San Juan elaborate preparations have been made for the reception of the President. He will remain there one day, leaving Friday, November 23, for Washington. When the Louisiana reaches Wolf Trap light the party will be transferred to the Mayflower and proceed to Washington, where the vessel is scheduled to arrive Tuesday evening, November 27th.

ONLY HUGHES IS ELECTED

Balance of New York Ticket is Democratic.

New York, Nov. 8.—With the official vote of but three counties missing tonight, Lewis Stuyvesant Chanler apparently is elected lieutenant governor on the Democratic-Independence League ticket by a plurality approximately 1.700 votes over M. Linn Bruce, Republican. To arrive at these figures Bruce's probable pluralities in the counties of Essex, Ontario and Niagara are based on the vote for the Republican gubernatorial candidate. Fulton county is also missing excepting statement of Bruce's plurality over Chanler. While slight changes may be made in the returns from several counties, it is not believed they will materially reduce Chanler's lead, but on the contrary may increase it.

It appears late tonight that all the other candidates on the Democratic State ticket are elected by small pluralities.

Chairman Connors, of the Democratic State Committee, today issued a call for a meeting of the full committee to be held here tomorrow. The object of the meeting is to devise plans "to safeguard the interests of the Democratic State ticket."

Chairman Connors said this afternoon that the Republicans were holding back the returns; that fraud was being practiced and that in his opinion there were enough Independence League ballots not counted to reduce greatly Hughes' plurality and possibly elect Mr. Hearst.

"I decided early today to call the Democratic State cimmittee together tomorrow to protect the interests of the State ticket," said Chairman Connors. "From telegrams I have received it is plain that the Republican machine is resorting to its old thievish knavery in order to beat our ticket. There is absolutely no doubt that the ticket is elected with the exception of Mr. Hearst. There is also absolutely no doubt that the returns are being held back. There is no doubt that Bruce is running behind Hughes up the State. I firmly believe that sufficient Independence League votes have not been counted in many counties to decrease greatly the pluralities of Hughes and possibly elect Mr. Hearst. We are going to get an honest count of the vote and we are not only going to protect the men making the canvass next Tuesday but we are going to get right to work now on the matter."

The Republican campaign managers decided today to make applications in the Supreme Court of the several counties in this vicinity for orders compelling the production in court of all void and protested ballots. These will be counted in court. In every county where a count of these ballots is deemed necessary the county chairman will make like application to the Supreme Court.

ALBERT W. WRENN MURDERED.

Prominent Man Stabbed to Death at Tampa, Fla.

(By Wire to The Morning Star.)

Tampa, Fla., Nov. 8.—Albert B. Wrenn, assistant agent Southern Express Company here, and brother of B. W. Wrenn, formerly passenger traffic manager of the Plant System, was stabbed to death at the Atlantic Coast Line passenger station here tonight at 6:55 by H. W. Day, United States Mail Route sub-contractor, who handles mails betweens trains and the postoffice in this city. The dispute arose yesterday between Wrenn and Day regarding Day's placing his mail wagons at the depot so as to interfere with the express company's business.

To-night Wrenn again expostulated with him about the position of his wagon, when Day drew a long knife and stabbed Wrenn three times, once through the heart. Wrenn died almost instantly. Day was locked up at the police station.

Great crowds collected at the scene and talk of violence to Day was heard. Wrenn was fifty-seven years old, formerly prominent in railroad circles in Atlanta and Jacksonville. Day came here eighteen months ago from South Carolina and has given the police frequent trouble.

COTTON GINNED TO NOVEMBER 1

Census Bureau Makes It 6,892,597 Bales—Last year 6,457,595.

(By Wire to The Morning Star.)

Washington, Nov. 8.—The amount of the crop of 1906 ginned up to November 1, according to a bulletin issued by the census bureau today, was 6,892,597 bales, counting round bales as half bales, as against 6,457,595 last year. BONI ANXIOUS TO MAKE UP

Count's Lawyer Begs Count to Postpone Divorce Proceedings for That Reason

HOPES WIFE WILL RELENT

Both Countess and Count Were Terribly Extravagant—Ceiling of Her Bedroom Cost $160,000—Dress-Makers Bills $136,805.

(By Cable to The Morning Star.)

Paris, November 8.—A final word in the divorce proceedings brought by the Countess de Castellane against her husband, was Maitre Bonnett's assurance of Count Boni's undying affection for his wife and the demand that the case be adjourned for a fortnight in order to give the Countess an opportunity to reflect upon the advisability of a reconciliation. This the court refused, and adjourned for one week, when its decision—either the ordering of an inquiry or the granting of a divorce—will be handed down. Today's proceedings were confined largely to tilts between opposing counsel over the charges made yesterday against Edmund Kelly, of counsel for the Countess.

The argument in the creditors' case was opened by Maitre Millerand who claimed that the lion's share of the money involved was owing to tradesmen. It is stated upon authority that this claim will be contested by the Countess' attorneys who are said to be settling all legitimate bills.

Maitre Bonnett, of counsel for Count Boni De Castellane, in concluding his argument, continued his criticisms of Edmund Kelly, the American lawyer of the Countess, and persisted in his demand for an examination of the witnesses in order, he said, to permit of the case being probed to the bottom. Counsel added that in the event of a divorce being granted the Count will ask for permission to see his children two days each week and a month in Summer and that the Countess be enjoined from taking the children to America without his consent. So far as money was concerned nothing would be much altered by a divorce. It would only mean final financial ruin for the Count.

It was impossible for him to meet his outstanding obligations, amounting to $24,000 a year. The remainder of his ancestral inheritance would have to be sold. If his wife desired to present him in such a light before the world he had nothing more to say. Nevertheless it seemed only just that he should be reimbursed the $24,000 which he obtained from a legacy and the sale of his share of the ancestral forest of Bueny and which was contributed to the household expenses.

Counsel concluded with asserting that he was convinced that the Countess, if free to obey the dictates of her conscience, would yet consent to a reconciliation and solemnly assured the court of the Count's respect, esteem and undying affection for his wife.

Maitre Cruppi, for the Countess, in reply charged the Count's lawyers with seeking to divert attention from the issue at the bar by making an unprecedented and baseless attack on Mr. Kelly, who, counsel declared, enjoyed a standing in the United States and France which made his defense superfluous, he having been counsel for the American embassy in Paris for the past twenty years. Maitre Cruppi read a letter from Mr. Kelly denying the charges made against him and saying that until the names of the persons mentioned were introduced by counsel for the Count he had never heard of those he was supposed to have bribed.

Maitre Cruppi then produced what he declared to be forged documents by which, counsel charged, the Count in July last attempted to convince his wife that Mr. Kelly was concerned in a plot to accomplish his political ruin.

Finally Maitre Bonnett asked the court to postpose the case for a fortnight in the hope of a final reconciliation but the judge refused to do so and adjourned the hearing for a week.

The court, after hearing the conclusions of the public prosecutor next week will announce its decision, either for a divorce or for an examination of the witnesses. The creditors' case, in which Count Boni, the Countess de Castellane and George J. Gould, as trustee, are made joint defendants, was called after recess today. This suit, which is brought by six creditors involves $540,000.

Maitre Millerand, of counsel for the creditors, contended that the Countess, under the regime of separation of property, was responsible with her husband for expenses of the household. He spoke in an extremely sarcastic vein, saying that his clients were particularly glad to learn that the Countess did not intend to fly to America. Maitre Millerand ridiculed the attempts of opposing counsel to depict her as living in a state of poverty. The Count, he asserted, had not squandered all her money. The Countess should pay her share of the extravagances. In a single month she had spent $120,000. The ceiling of her bedroom cost $160,000 with furniture to match.

Among the other extravagances mentioned by counsel were $200,000 for jewels, $21,233 for horses, $29,800 for automobiles, $14,000 for Carolus Duran's portrait of the Countess and so on.

The bills in the present case include judgments against the Count. There was a bill from a dressmaker for dresses and money advanced, amounting to $98,235, and for $23,200 and another for $15,370.

Maitre Millerand, of counsel for the creditors, did not finish his plea and the case was adjourned for a fortnight.

SEABOARD STOCKHOLDERS MEET

Keep Doors Closed and Gave Out Very Little Information.

Petersburg, Va., Nov. 8.—The stockholders of the Seaboard Air Line Railway Company held their annual meeting today in this city. Judge L. L. Watts, of Portsmouth, presided. The meeting was held with closed doors and was in session about four hours. The only information given for publication was the election of the following board of directors:

N. S. Meldrum, of New York; James A. Blair, of New York; Thomas F. Ryan, of Virginia; H. R. Duval, of New York; T. Jeerson Coolidge, Jr., of Boston; S. Davies Warfield, of Baltimore; B. F. Yoakum, George W. Watts, of Durham, N. C.; Y. Van Den-Berg, of New York; Townsend Scott, of Baltimore; James H. Dooley, of Richmond, Va.; C. S. Shepherd, of New Haven, Conn.; Alfred Walter, of Norfolk, Va.; Ernest Thalman, of New York; H. C. Pierce, and Norman B. Reams.

CHEROKEE INDIAN LANDS.

Decision of Judge Boyd Reversed by Court of Appeals.

Richmond, Va., Nov. 8.—United States Circuit Court of Appeals rendered here to-day a decision quieting disputed titles in the Cherokee Strip of Western North Carolina.

The decision confirms and quiets these titles, the court holding that the treaties of 1817 and 1819 with respect to the disposition of the lands were brought forward from time to time and embraced in the revised statutes of the State, the same never having been repealed or affected by the various acts of the Legislature relating to the disposition of the vacant and unsurveyed lands west of the Meigs and Freeman line. Some of the property involved in this litigation is the famous Toxaway Inn, the Fairfield Inn property, and other noted summer resorts. The opinion will be read with profound interest by persons who own property in the territory in dispute. It reverses the decision of Judge Boyd in the Circuit Court, which left the titles unsettled.

NEGRO LYNCHED IN GEORGIA.

Murdered White Man and Mob Took Him and Hanged Him.

Moultrie, Ga., Nov. 8.—Jet Hicks, a negro, was lynched to-night at Sale City for the murder of John Akridge. Hicks was arrested yesterday at Vienna and brought here by Sheriff Forehand, of Dooley county, and Dr. W. W. Stevens, of Sale City. The negro was held temporarily in a livery stable when he was spirited away by Sheriff Forehand and Dr. Stevens. News came that a mob was gathering. They started for Sale City with the negro, but information came from that place that a mob was gathering there to intercept them. Efforts to find the party and apprise them of the fact failed.

The Moultrie Rifles, commanded by Capt. Adams, left at once for Sale City and Capt. Adams telegraphed here to-night that the military arrived too late, for upon the arrival of the negro and his guards, Hicks had been placed in the city guard house. The guard house was stormed by a mob which took the prisoner out and lynched him.

PLAN TO HOLD UP PRICE OF COTTON

Huge Company to Be Organized By the Southern Cotton Association

CAPITAL TO BE $100,000,000

Will Buck Against Wall Street Gamblers and Fix Price of Cotton Regardless of Them—To Build Warehouses.

Atlanta, Ga., Nov. 8.—A movement designed "to maintain a profitable price for cotton against the conspiracies of Wall street," was inaugurated this evening at a meeting of the executive committee of the Southern Cotton Association. The method proposed for the accomplishment of this purpose is the formation of "The Southern Cotton Company" with an authorized capital of $100,000,000 to build warehouses, buy up cotton at reasonable prices and otherwise endeavor to regulate selling so that cotton shall be traded in on a basis of its intrinsic value, than on speculation.

Fifteen members of the executive committee of the Southern Cotton Association attended to-night's meeting. They represented all the Cotton States and included for the most part very prominent planters. A tentative plan for organization of the proposed buying and handling of cotton was presented by a special committee, consisting of Messrs J. P. Allison, of North Carolina; E. D. Smith of South Carolina; S. A. Witherspoon, of Mississippi; F. L. Maxwell, of Louisiana, and J. C. Hickey, of Texas. The charter provides for organization of a stock company with an authorized capital of $100,000,000 and an initial capital of perhaps $10,000,000. It is proposed that the affairs of the company shall be administered by the board of 35 directors, who shall estimate fair cotton prices and endeavor to have them maintained.

The management of the concern is to erect storage warehouses and conduct buying, holding and selling. The par value of the stock is $5 per share, opening membership to small as well as large planters, members of the Southern Cotton Association and others. Should the directors believe cotton to be worth more than Wall Street prices, it will pay such a price, regardless of the so-called market value and like value and hold the product for a rise. After discussing and amending in some respects the plan for organization it was decided to defer final action on the project until the next meeting of the executive committee to be held in January.
